

44mm Core Neodymium HF Driver SH4402

Features:

1. 44MM Single Loop Design

The penetrating force is very strong and the N38SH magnet is more full

2. The magnetic flux is fuller and the sound quality is clearer

Magneto-steel material with excellent electro-acoustic field makes the power and sensitivity of the horn stronger, better response and lower distortion than that of the ordinary horn

3. Thickened cast aluminium rear cover, better sound quality

44.4MM voice coil and 85 magnet high-end Nd-Fe-B high-performance magnets. Original high-end imported high-temperature resistant gold composite film + imported copper-clad aluminum flat wire voice coil. Sound quality is very good. It's a good product for you to upgrade your sound.

4. Excellent sound quality, shock and enjoyment

The auditory feast stirred up your auditory nerves, and every place deduced a wonderful melody. Lightweight material, exquisite workmanship, wonderful original, shock experience from the selection of materials, everything is just for better music.

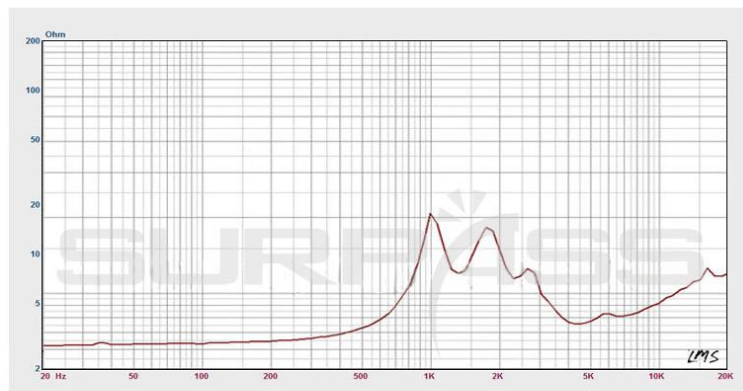

44 core neodymium magnet

Specification:

Model	SH4402
Description	44-core neodymium treble
Outer diameter of magnetic steel	85mm
Diagonal screw hole	75mm
Throat diameter	25mm
Diaphragm material	High polymer Black Film
Magnet	Neodymium magnetism (85 magnetism)
Voice coil	44-core copper-clad aluminium coil
Height	About 4.4cm
Magnetic steel material	NdFeB N40
Rated Impedance	8 ohm
DC Impedance	6 ohm
Rated Power	50 Watts
Maximum power	100 Watts
Sensitivity	107 dB/1W/1m
Frequency range	1.2-18K Hz
Place of Origin	Guangzhou, China
Net Weight	About 0.9KG

Good products should talk with data
